

# Wollaton Park Medical Centre

**Date: September 2020**

Dear Patients of Wollaton Park Medical Centre,

I will be leaving the practice at the end of October this year after nearly 25 years of working at Farndon Green/Wollaton Park Medical Centre. It has been a privilege to work in this practice for so long.

There are some patients that I have known since I started at the practice and it will be sad to say goodbye; as it will to colleagues, a few of whom have been here as long as or longer than me.

Wollaton Park Medical Centre has changed so much during this time, but we have always risen to every challenge that has come our way, including COVID-19. I am proud of the part I have played in its development and success. The practice has always provided the highest standard of patient centred care possible and I am confident that it will continue to do so.

Kind regards,

Dr J Ambrose
